

Financial Policy

***Insured Patients:**

We accept dental plans that do not assign you to a particular dentist. As a courtesy to you, we are happy to file your **primary** dental insurance. We will contact your insurance carrier to obtain a general breakdown of your plans benefits. Insurance confirmations and treatment estimates are not a guarantee of payment. Coverage for recommended services is subject to the terms and conditions of your dental benefit plan including exclusions, limitations, conditions and patient eligibility. You are responsible for deductibles, copayments and any other items not covered or denied by your plan. You are required to pay your estimated portion the day of service.

In some cases, after your insurance pays, you may have a balance which you will be billed for. **If after 60 days, we still have not received payment from your insurance company, you are responsible to follow up with your insurance company and at that time you will be responsible for the balance.**

If your insurance reimburses you directly, we require payment in full the day of service.

***Non-Insured Patients:**

Payment in full is expected the day of service.

*** Methods of Payment:**

Payment is required on the date services are rendered. We do not offer in office financing, however we gladly accept cash, check, Visa®/Master Card®, American Express® and CareCredit®. The front desk will gladly give you information on CareCredit®, if you are interested.

***All Patients:**

Accounts that are not paid within 90 days may then be turned over to a collection agency.

I agree to give a 24 hour notice if I need to cancel any appointment. I understand the appointment times are my responsibility to remember and a **\$25 charge** will be incurred for "No Show" or late cancellation appointment(s).

I have read this form and agree to its contents.

Patient Name: _____ DOB: _____

Patient/Responsible Party Signature: _____ Date: _____
